

# DANIEL OSSIO

Cybersecurity Leader · World-Record Wingsuit Pilot · Keynote Speaker

25+ years in enterprise cybersecurity · 4,000+ wingsuit jumps · 277.8 km/h exit speed record  
Based in Canton of Zug, Switzerland · Available worldwide

Daniel Ossio operates at the intersection of **cybersecurity** and **extreme aviation** — where the consequences of poor decisions are measured in breaches and broken bones. With 25+ years in the cybersecurity industry, Daniel has led security programmes across sectors, advising on risk strategy, incident response, and governance. As a world-record wingsuit pilot with over 4,000 jumps, he has achieved exit speeds of 277.8 km/h and organized the first-ever AWF World Record. This dual expertise gives Daniel a perspective that no other keynote speaker can offer: **real-world experience managing risk at the highest stakes.**

## KEYNOTE TOPICS

### LEADERSHIP / RISK

#### 277 km/h and Zero Trust: Decision-Making When Failure Isn't an Option

For: CISOs, engineering leaders, executives, risk committees

- Framework for rapid decision-making under uncertainty
- Building team trust in high-pressure environments
- Extreme-sports mental models for incident response

30 / 45 / 60 min · Keynote or workshop

### CYBERSECURITY

#### From the Cockpit to the SOC: A Cybersecurity Leader's Guide to Calculated Risk

For: Board members, CISOs, VP Engineering, compliance teams

- Defining and communicating risk appetite
- Building resilient security cultures with transparency
- World records ↔ security programme parallels

30 / 45 / 60 min · Keynote

### SAFETY / HUMAN FACTORS

#### Human Factors at 4,000 Metres: Building Safety-First Cultures

For: Safety officers, ops leaders, HR / L&D teams

- Human error as symptom, not cause
- Systems that make the safe choice the easy choice
- Aviation safety culture ↔ cybersecurity hygiene

45 / 60 min · Keynote with interactive elements

### INNOVATION / LEADERSHIP

#### 18 Pilots, One Airplane: How to Turn an Impossible Vision into a World Record

For: Corporate audiences, leadership offsites, innovation summits

- Aligning diverse teams around audacious goals
- Managing complexity with zero margin for error
- Iterative planning and structured debrief

30 / 45 / 60 min · Keynote with aerial footage

## CREDENTIALS & EXPERIENCE

- ▶ 25+ years enterprise cybersecurity (risk strategy, IR, governance)
- ▶ Led security programmes across multiple industry sectors
- ▶ Strategic advisory at board and executive level
- ▶ World-record wingsuit pilot — 277.8 km/h exit speed
- ▶ Organized the first-ever AWF (Acrobatic Wingsuit Flying) World Record
- ▶ Member Swiss National Wingsuit Performance Team
- ▶ Member Swiss Wingsuit Team
- ▶ Founder, Wingsuit Academy
- ▶ European Skydiving Symposium — recurring expert speaker

## SPEAKER LOGISTICS

### BASED IN

Canton of Zug, Switzerland

### LANGUAGES

English, German

### AV NEEDS

HDMI/USB-C, wireless mic, stage monitor

### TRAVEL

Worldwide

### LEAD TIME

4 weeks preferred

### FORMATS

30 / 45 / 60 min, customisable

## WHAT ORGANISERS SAY

"Daniel's keynote was the highlight of our conference. The way he connects the intensity of wingsuit flying with practical cybersecurity leadership left our audience energised and rethinking their approach to risk."

— Event Organiser, European Skydiving Symposium
